New cards on sale this month!

We are so excited to announce that, at long last, the expanded Chihuahuan Desert edition of *Endless Forms* is available for purchase. This edition has a new look and adds almost 100 new cards to the game. Players can now customize their decks to take advantage of a wide variety of strategies and synergies, and collectors can chase alternate photo cards, borderless cards, and artist's cards.

This set is being sold as booster packs of 8 randomized cards for \$5. The original Asombro Edition starter decks are still available at \$15 each. We donate 15% of profits from the Chihuahuan Desert edition, and 100% of profits from the Asombro Edition, to the non-profit [Asombro Institute for Science Education](#) in Las Cruces. Cards are printed locally by [Insta-Copy Imaging](#).

We'll be selling booster packs, starter decks, and other merchandise at the events listed to the right. Make sure to follow us on [Facebook](#) or [Instagram](#) for more updates and announcements, and read on for a sneak peek at some of our favorite new cards.

Card Spotlights

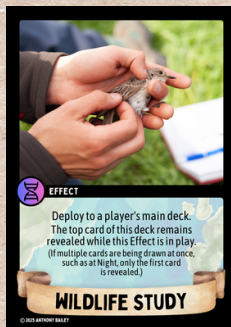

Watch your Canyon Tree Frog go through metamorphosis, first getting a boost from algae, and then from arthropods. Try to collect all the amphibian profile photo cards.

Use the fiery Calliope Hummingbird to block other species from accessing one special resource at a habitat. Look for the special borderless version of this card.

Make a trap for other arthropods just like an antlion larva, taking away a population any time a small bug wanders through its habitat. The alternate photo version of this card shows the winged adult form.

Stay in the know by forcing the top card of an opponent's main deck to remain face-up while this Effect is in play.

Play this Event to remove a pesky Effect that's been keeping one of your species down.

Boost your bird deck even more with this bird-friendly habitat.
